### **HouseCheck launches new Home Warranty program**

**BOISE, ID** – HouseCheck has unveiled its new Home Warranty program, now available to home buyers, sellers and property owners in the Boise and surrounding areas. Warranty packages, available as HouseCheck’s “Good”, “Better” and “Best” plans, offer a wide range of protection against unexpected systems and appliance failures in the home.

“The HouseCheck Home Warranty is an important extension of home protection beyond the comprehensive home inspections we already offer,” says HouseCheck President and COO, Bill Klehm. “Our home warranties protect home owners from surprises down the road. And with no deductible and 24/7 service, there is peace of mind that the unexpected will be handled quickly without costing a fortune.”

A home warranty protects against costly home repairs and replacements that result from normal, everyday use. Separate from a homeowner’s insurance policy, a home warranty is a separate contract for repairs and replacements on systems in your home. Home warranties protect many, but not all, of your home’s appliances and systems.

HouseCheck home warranties start at \$399 annually and can be tailored to meet the specific coverage needs within a home. Advantages of a HouseCheck home warranty include:

- No exclusions for pre-existing conditions.
- No deductibles.
- No charge for service calls.
- Option to pay annually or monthly.
- Initiate claims either online or by phone.
- Warranty is transferrable to a new owner.
- Option to use HouseCheck repair technicians, or select your own.
- Does NOT exclude coverage in cases whether an appliance or system failure is due to age, rust, lack of maintenance, exemption from inspection, or if defects have been previously noted

Additional details about HouseCheck’s new home warranty program may be found at <https://housecheckhomewarranty.com/>
